

Dear potential sponsor,

The *It's Your Life Foundation (501©3 non-profit)* is pleased to announce the 10th annual IYLF Virtual Glo Run! This year it will be held from October 25th – 31st

We don't want to let the virus get you down. The IYLF is actively engaged in educating and creating a positive and healthy experience for our students and our community. While we are practicing social distancing, don't forget to stay active. You can run, jog or walk anytime and anywhere. We are all in this together. The proceeds raised will benefit three projects, *iConquer*, *Ante Tobacco*, and *KNIGHTS*. This year's proceeds will help expand the *iConquer* project by educating children about brain health and dangers of vaping.
