

It's Your Life Golf Tournament
November 10, 2023

Dear Potential Sponsor:

It's Your Life Foundation; (a 501(c) 3 non-profit organization) is pleased to announce the 7th annual *Conquer the course Golf Tournament*, to be held Friday, November 10, 2023, at NorthShore Country Club. The golf tournament is a four-man scramble. The event will include lunch prior to the shotgun start and dinner during the awards.

The purpose of the *Conquer the course Golf tournament* is to create a positive and healthy experience for our community while promoting awareness of healthy life choices and health issues. The monies raised will benefit the It's Your Life Foundation, a locally founded organization that provides education and awareness throughout our community. Currently the Foundation has 3 educational programs it utilizes to reach out to the community

1. The Ante Tobacco program educates children in our community regarding the hazards of tobacco use. This education Program has provided education to more than **142000** children in South Texas since beginning in 2005.
2. KNIGHTS (Keep Nurturing and Inspiring Good Habits in Teen Sleep) this is a youth driven community project which resulted in the development of a 3D animated film on sleep deprivation among teens. This movie is used in grades 4-12 to teach teenagers the importance of good sleep habits and healthy living.
3. iConquer: Is a youth driven project educating healthy-lifestyle and its effects on preventing Diabetes to children between the ages of 3-6years of age. According to the Center for Disease Control, 1 in 3 children born in 2000 will develop diabetes in their lifetime. South Texas is Ground Zero for diabetes. Uncontrolled diabetes is very high in South Texas.
4. iConquer: Brain Health is one of the most current eminent problems in the United States of America. 61,500,300 Americans experience a mental health disorder in a Year. That is a whopping 1 out of 4 adults. 11% of teens have depression before the age of 18. This is more prominent than one would expect.

Funds raised from 'Conquer the Course' will be used to develop resources such as animated movies, puppet shows, videos and songs for the project iConquer
